

“Ode to Mothers”

***Here's to the Mothers –
we salute one and all
They raise the children-
they help them stand tall***

***Here's to the Mothers –
they cook, clean and sew
They toil long hours –
that we all know***

***Here's to the Mothers –
they're the family glue
They dote on the Kinder –
the kinder love you***

***Young Mothers, Single Mothers –
all are adored
Grand mothers, Step Mothers –
all in accord***

***Here's to the families –
who make Mothers proud
Here's to sons and daughters –
who praise them aloud***

***Wishes for a Mothers Day –
filled with much cheer
Then go on mothering –
through-out the year***
