

“Blue Sky”

***The Brooklyn Bridge –
Florida swampland
An opportunity waits –
Got the deed right in hand***

***They’re really great deals –
It is absolutely true
You are my friend -
I’ll take care of you***

***Bernie Madoff and Tom Petters –
We were just misunderstood
Why’d they hafta interfere –
We were doing really good***

***Right here in our hearts –
We’ve got your best interest
You’ll make lotsa moola –
If you want to invest***

***If you desire a nice home –
Just go to the bank
Borrow all that you can –
Before you go in the tank***

***Don’t worry about a thing –
Everything is just fine
If any tough queries –
Just hand them a line***

***Get everything you want –
You deserve the prize
When it all falls apart –
Oh My! What a surprise***

***Then there’s the government –
They’re here to serve
If you don’t cooperate –
You’ve got lotsa nerve***

***What ever goes wrong –
Give us a shout
We’ll lend you a hand –
A taxpayer bailout***

***Ponzi schemes are a symptom –
There’s disease at the core
Fiat currency, Fractional banking –
Greed and corruption will soar***

***So, there you have it –
Now you know why
World-Wide expansion –
We all got “Blue Sky”***
